**DETAILED ACTION**

***Response to Amendment***

This office action is in response to the amendment filed October 27, 2005.

Accordingly, claims 32-41 were canceled, claims 2, 26, 27 and 29 were amended, and new claims 42 and 43 were added.

Currently, claims 2, 4, 26, 27, 29, 42 and 43 are pending.

***Allowable Subject Matter***

Claims 2, 4, 26, 27, 29, 42 and 43 are allowed.

The following is an examiner's statement of reasons for allowance: none of the prior art of record, taken alone or in combination, fairly shows or suggests all the limitations as claimed.

Re claim 2, none of the prior art of record discloses a socket comprising the following limitations in combination with the rest of the limitations of the claim: a socket body arranged to electrically connect a first memory module in series between a second memory module and a base socket that is electrically connected to the first memory module, the socket body arranged to load the first memory module and the second memory module.

Re claim 4, none of the prior art of record discloses a through socket comprising the following limitations in combination with the rest of the limitations of the claim: a through socket body arranged to load a first memory module, a second memory module, and a third memory module, said first, second and third modules being loaded in a base socket mounted to a board; wherein the through socket is structured to load said memory modules either above or to the side of said base socket mounted on said board.

Art Unit: 2822

Re claim 26, none of the prior art of record discloses a memory module socket comprising the following limitations in combination with the rest of the limitations of the claim: a socket body structured to electrically connect a first memory module having a first major surface and a second major surface and in series between a second module having a first major surface and a second major surface and a base socket that is attached to a board, the socket body structured to be detachably affixed to the first and second memory modules along first edges of the first and second memory modules, the first memory module and the second memory module each having first contacts on the first major surface and second contacts on the second major surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
